

For AQAR 2024-25 Best Practice to be added

Best Practice: Enhancing Employability through IPMA Certification

1. Title of the Practice

Enhancing Employability through IPMA Professional Certification

2. Objectives

- To provide students with industry-oriented professional certification.
- To develop professional and managerial competencies.
- To enhance students' employability and career readiness.

3. Context

The Institute promotes professional certifications to bridge the gap between academic learning and industry expectations. **IPMA certification** provides students with exposure to professional competency standards.

4. The Practice

Students are encouraged and guided to pursue IPMA certification through orientation, faculty mentoring and preparation support. The certification complements classroom learning with industry-oriented competencies.

5. Evidence of Success

- Increased awareness of professional competency standards.
- Students gained exposure to industry practices.
- Certification provides an additional professional credential.
- Supports students' career development and employability.

6. Outcome

The practice strengthens **skill development, professional competency and employability**, enabling students to supplement their academic qualifications with an industry-recognised certification.
